

Civil Engineering Study Abroad Program

Rome, Italy: Summer I May 13 – Jun 4, 2016

Courses

CVEN 322: Civil Engineering Systems (3 CR) - Required course for CVEN majors

Civil Engineering Systems. Economic analysis and evaluation of engineering projects; application of systems analysis to civil engineering design; systems synthesis and optimization techniques; assignments apply engineering economics, statistical methods and optimization techniques to civil engineering problems.

Course will also count as a technical elective in BAEN, CHEN, ISEN, MEEN, and NUEN.

Dr. Luca Quadrifoglio

Zachry Department of Civil Engineering

quadrifo@tamu.edu

**12-15 Junior (3rd year) Civil Engineering students from
Texas A&M University will attend the course**

Location

The ACCENT Rome Study Center is located in the beautiful Palazzo Banco S. Spirito on the Piazza dell'Orologio, which is marked by the impressive clock tower by Borromini and is considered the very heart of Rome. Among the historical palaces of Piazza dell'Orologio is the famous Casa delle Letterature or Biblioteca dell'Orologio, which is the home of literature in the "Eternal City." ACCENT's central location makes it an ideal base for classes and as a jumping-off point for onsite study visits.

Office Hours

ACCENT Rome Study Center hours are:
Monday - Friday, 9:00 a.m. - 5:00 p.m.
